**A CLARIFICATION TO THE EXCEPTION OF THE OPEN IP
MODEL, AS SET IN THE TCE'S MEMORANDUM OF
UNDERSTANDING**

Following a question raised by one of the TCE Members, we would like to clarify that once a TCE Member calls for exception to the Open IP Policy for a specific activity, such activity shall be excluded from the TCE Open IP Policy and the related terms thereof shall be negotiated in a separate agreement, by the relevant Members.

The Technion practices, as mentioned in the TCE MOU is relevant only to the Technion member. The Technion Member (and not to the TCE Members) will need to ensure that the separate agreement is in line with such practices..

Sincerely,

Prof. Assaf Schuster,
Academic Head, TCE
